RAPID EXPANSION IN TELEPHONE SERVICE IS NOTED FOR THIS AREA

Figures Reflect Ukiah Growth

With the American people from President Truman in the White House to the man in the street endeavoring to figure out from signs and portents whether this nation is going into a recession, facts and figures of the local Telephone Exchange indicate that this area may not yet have reached its peak of development.

During the month of April the average outgoing toll business of the exchange has reached an all-time peak of 1116 calls per day. This is compared with a daily average of 600 per day for the same period in 1946. "Consequently" Manager J. F. Danner comments, "even with considerably increased capacity for handling such calls, occasional delays may be experienced."

Ukiah Telephone central office switchboards are operating at full capacity under a record volume of local and long distance calls, according to J. F. Danner, Telephone Company manager. Originating calls now average about 11,400 per day as compared with 7,600 in March of 1947 and 6,600 for the same period in 1946.

During 1948, Mr. Danner said, an expansion program was completed to supplement existing facilities. This included an addition to the telephone building and installation of additional toll circuits and positions of switchboard.

The company maintains a group of highly trained specialities who before the war were able to indicate closely what expansion would be required in any given territory.

Since the war the rapid influx of new residents to our state has made it extremely difficult to correctly forecast, several years in advance, the amount of telephone equipment needed in a given community. To a certain extent this has been true in Ukiah.

AWAIT LOCAL PEAK

The local exchange, according to Mr. Danner, is now operating within a possible two years of full capacity. Should the present equipment not be adequate to carry the load a complete new equipment will of necessity be forthcoming. It is belived however, that if the local peak has not yet been reached, it is near enough so that the full capacity can be taken care of with present equipment.

The number of telephones now in service here is over 2,800, an increase of more than a 1,000 since VJ Day. The ratio of telephones per hundred residents is 24.37, according to Mr. Danner.

The number of operators employed in Ukiah has doubled in the last year. There are eight operators on long distance, With construction of the new office building on Smith street, the former office was turned into a lounge for the operators. It is equipped with a complete kitchenette, stove, refrigerator, etc.

The operators work a five-day week. It takes about a year for an operator to become proficient in the work on the switchboard for this reason the company is zealous of its operators and uses every means in its power to retain them after months of training.

"Ukiah's growth reflects in part the tremendous development taking place throughout the Pacific Coast since the war," Mr. Danner said, "and to meet this demand, a construction program unprecedented in scope is in progress by the company to adequately meet the various communities' needs for sufficient telephone service."

The president of Sonoma county chapter will be present as consultant. All interested are cordially invited to attend. The call for the meeting has been sent out by Dr. L. G. McKeever of the medical staff of Mendocino State Hospital.

Steps are being taken in this community to organize during Mental Health Week, April 24 to 30, a Mendocino County Mental Health Society.

Organization of such a chapter was recommended at a recent meeting of the Youth Conference held in this city. Even before that recommendation, steps were taken toward arousing interest in such an organization as particularly pertinent in a county in which is located one of the largest state institutions.

Dr. L. G. McKeever of the medical staff of Mendocino State Hospital is one of a group of local residents interested in the establishment of a County Mental Health Society.

The object and purpose of such an organization, condensed from the constitution of the Mental Health Society of Northern California is as follows:

Check Suspect Here Worked Gas Racket

Advices to the sheriff's office from Chicago are to the effect that the automobile in which Burton Carter and Edward Hawkshaw and their wives have been touring the United States and Canada is registered in Iowa and the license is on record in Illinois. Both were stolen according to the Chicago office. Carter has admitted to Chief Deputy William White that he stole the car and license in Chicago in January.

Carter's case is a psychological study. He allegedly has spread a stream of fictitious checks through Canada, Maine, Ohio, Colorado, Utah, Idaho, California and other states but he worked the big oil companies for his gas. Three companies are known to have given him gas on a fictitious number of a gas card for which they took his word. Furthermore he gave the same number to each company.

The quartet was picked up in this county when Carter offered two checks to Thomas Grundy of Grundy's resort, one for $50 and the other for $30, drawn on a New Orleans Bank. Grundy became suspicious and his suspicions were further roused when after Carter learned that Mr. Grundy was interested in an option on lumber holdings, Carter offered to draw a check for $500 to help in obtaining the option.

The two men and their wives are held here for investigation. The Hawkshaws so far as is known are not guilty of passing worthless checks on this occasion.

Body of W.H.Harman Recovered From Sea

Funeral services for William M. Harman were held Saturday in Fort Bragg and interment was Monday afternoon in Holy Cross Cemetery, San Francisco. Mr. Harman lost his life when he was swept from the rocks while fishing on the coast April 4.

His body was brought in by high tide the night of April 21, according to Deputy Sheriff Ward Ries. A logging crew returning to Fort Bragg sighted the body at Cleone-Ten Mile Beach about nine miles from the spot where Mr. Harman was drowned. Deputy Ries states that the 17 days the body was at sea is the longest time he has known, 13 days being the longest period he recalls. He believes from the condition of the body that it was carried away from the rocks out to sea and returned on a high tide.

"DEATH" WAS NOT TOO SERIOUS

MEMPHIS, Tenn (AP) — Two o'clock in the morning, and a sudden sharp report like a pistol shot.

Mrs. Ada Morris told herself it was nothing.

Then footfalls and hushed voices. She crept to the window.

Shadowy forms were clustered around a power pole on the street. She caught the word . . . "dead." The figures melted away.

Mrs. Morris grabbed a phone and called police.

But the utilities truck got there almost as soon as the police did, and put a new fuse in the switch box.

Varied Selections Planned For Sunday Concert

Featured on the program which the Humboldt State College Choir will present here on Sunday, May 1st, at 7:30 p.m. in the First Baptist Church, will be the college Madrigal Singers. This ensemble of nine voices sits informally at a table and sings the delightful part songs of the sixteenth century. Songs to be presented by this group include: Sing, O Sing, The Love Bird, Weep, O Mine Eyes, The Keeper, Wassail Song.

In addition, the following selections will be sung by the entire choir: Christus Factus Est, Agnus Dei, Carol of the Bells, Lost in the Night, I Beheld Her, Beatuiful as a Dove, Alleluia, With Joyful Song, Hymnus Christo, Spinning Top, Go Lovely Rose, Set Down, Servant, Finale from "Down in the Valley."

R. R. SAFETY SIGNAL FOR HIGHWAY NO. 20

Word has just been received from Mr. J. J. Deuel, Director of the Utilities department of the California Farm Bureau Federation, that a wig-wag signal has been authorized and the material purchased for the installation jointly by the State Highway Commission and the Northwestern Pacific Railroad at the point where highway No. 20 crosses the railroad right of way.

This safety measure is the result of two years continuous effort on the part of the Potter Valley Farm Center committee under the chairmanship of Bronson Gillogly and the Mendocino County Farm Bureau, and is in line with the great growth of the Ukiah area agriculturally and industrially. Work on the project will start in the very near future and will be pressed to completion as soon as practicable.

Summertime is Playtime in Lake County

With the observance of the annual Redbud Festival this past weekend, Lake County moves on to its busy summer season. As the weather warms and folks feel that urge to "get out and go somewhere" the people of this area might well keep in mind the variety of entertainment to be found in our neighboring county. Whether it be dining, dancing, swimming, boating, fishing or camping -- whatever one's fancy, the answer may be found only a few miles from home. During the quiet winter months resturant and resort owners have been busy planning and carrying out remodeling schemes and making general repairs. Many have come up with something "new" to attract the summer visitor.

SUPPER CLUB

The beautiful Supper Club on the shores of Clear Lake at Nice celebrated their one year anniversary with a gala reopening party on Sunday, April 24. Owners Edward Raue and Stanley Stashak have made several improvements including the removal of a wall between the original cocktail lounge and a greatly unused foyer with the result that the present cocktail room is spacious and tastefully furnished from the comfortable overstuffed furniture to the huge stone fireplace.

Open every day, the Supper Club, distinctive but not exclusive ,affords a delightful setting for gracious dining and an evening of enjoyable surroundings. The owners are on hand to serve you—Stan at the piano to play your favorite numbers and Ed to personally greet each guest.

An outstanding feature of the Supper Club is the spacious outdoor lakeside patio where guests may relax in comfort while enjoying the marine view. The owners are contemplating a summertime service which would enable guests to ferry across the lake between the Supper Club and Stan and Ed's cocktail lounge in the Hotel Lakeport.

AURORA CLUB

If your taste is more for good Chinese food and specialties we suggest dinner at the Aurora Club on Clear Lake, also at Nice, where Jim Wong, formerly of Ukiah, has taken command of the kitchen. Jim's Chinese specialties are a never-to-be-forgotten treat and his American style dishes are excellent too.

Ann and Manuel Mattos owners of the Aurora Club and familiarly known as Ann and Matty, are happy to announce the serving of these excellent Chinese foods two days a week, Wednesdays and Sundays from 4 p.m. to closing. Reservations may be made for private parties or banquets. On May 22, the Lions Club of Lakeport have engaged the dining room for a dinner meeting.

In addition to their fine food, the Aurora Club has an excellent cocktail lounge with marine view and dancing may be enjoyed every Saturday night. The Club is open for business every day of the year. Also on the premises are several housekeeping cottages and arrangements may be made for pier privileges.

All of the children wanted a turn of course. After the pinata was over the children played games.

PATRICK McVEY WELL RECEIVED AT SATURDAY CONCERT HERE

A delightful afternoon of music was enjoyed by members of the Saturday Afternoon Club and their guests on April 23 when Patrick McVey, young baritone of the San Francisco Opera Company was presented in concert. Mr. McVey was introduced by Mrs. Arthur Schilder, co-program chairman with Mrs. R. R. Byrnes who was unable to be present.

Possessed of charming stage presence, the young artist clearly impressed his audience with his exceptionally fine voice and brilliant delivery of a varied program. Mr. McVey's voice has been highly praised by critics and, in spite of his youth, acclaimed by noted artists of the Metropolitan Opera Co. with whom he has on occasion appeared.

He was accompanied by Mr. James Groves whose brilliant execution of difficult passages testified to his own ability as an accomplished artist. The program was divided into five sections as follows:

Early classical—"Tu lo sai," by Torelli; "Silent Worship," by Handel; "L'esperto nocchiero," by Bononcini.

German lieder—"Ihr Bild" and "Die Forelle," by Schubert; "Prayer," by Wolf; "Zueignung," by Strauss.

Opera — Chanson Bacchique from "Hamlet," by Thomas.

French group—"Romance" and "Mandoline," by Debussy; "La Mirroir," by Ferrari; "Bon Jour Suzan," by Delibes.

English — "Old Mother Hubbard," by Hely-Hutchinson, nursery rhyme done in the manner of Handel; "Cabin" and "Lonesome Man," American folk songs by Bowles (lyrics by Tennessee Williams); "Miranda," by Hageman. He sang two encores, one of which was "Little Irish Girl."

A short business session conducted by President Mrs. E. H. Balyeat preceded the program. Mrs. J. Caylor and Mrs. Louise A. Bernhard who attended the 47th annual San Francisco District convention of Federated Women's Clubs in Santa Cruz, gave a report of that meeting.

Following the program refreshments were served by the hostess committee which included Mrs. Athol Horr, chairman, and the Mesdames L. M. Hildreth, Herbert Singley, Earl A. Ford, A. H. Towne, Ralph Hogan and J. Caylor. Pouring were the Mesdames W. D. L. Held, Ralph Hogan, L. M. Hildreth and Alfred T. McKinney.

The tea tables were beautifully accented with center arrangements of lovely gold-toned tulips.

TEEN TALK

By Vivian Brown
AP Newsfeatures

Try to graduate from the baby-sitting and lawn-mowing job this summer. Get out and see somethinb of the world. Take a job that will educate you for a future career, or one that will be fun and a change from your humdrum existence.

Now is the time to look for the summer job. When school is out millions of teen-agers will dash to the few available posts in their towns. Most of them will be filled by early birds. If you let your job-seeking program lag, you'll surely spend your summer on the lawn or reading bedtime stories to the local children.

It certainly is no disgrace to take a job behind the vegetable or dairy counter in the town market, but unless you want to plan a career in store management, all you will get out of it is a paycheck every week and the privilege of watching shoppers squeeze the freshness out of the tomatoes and oranges.

Before you fill out any job applications, decide what your future career is to be. When that decision is made, even if it is only a temporary one, subject to change, look for a job akin to that career.

Supposing you have a desire to be a nurse. In that case perhaps a hospital could use you in some capacity. Sometimes they need nurses 'aides and this is a good test case to see if you fit the nursing role.

If you are planning to be an airline hostess, get some kind of a job where you will meet people. One of the most important requisites of this job is the ability to put people at ease and make conversation. Personality, therefore, is necessary, and you will need to cultivate it before embarking on a hostess career.

Perhaps you are interested in a career in the fashion world. If you have a yen to be a designer, you must learn to sketch, and this, plus a part-time job, could occupy your summer months. Or you can get a feel of fashion by selling dresses or modeling. That way you will learn about fabric, style, fit and consumer preference. Next fall you can begin sketching if you still want to go ahead.

Girls who must attend summer school have a problem. They'd like to work and earn some money, but there are only a few hours' left out of the school day. In that case, why not try to get a job at the local golf club or beach club, "Y" or library. Even if these organizations have a regular staff all the year round, they probably need some relief during vacation so don't hesitate to apply to them.

If you haven't considered your career and just want a spot job during the summer, camp counseling or waiting on table at a summer resort can be fun. You can get all the outdoor exercise you like—swimming, hiking, bicycling, rowing—and get meals, board and pay besides.

HOLLY PACKERS 7 – MERCHANTS 0

Berkeley Bill Schmidt, big good natured former coast leaguer, pitched the Holly Packers to a 7 to 0 victory against the Ukiah Merchants Sunday afternoon, holding the locals to 3 hits.

Billy Openshaw, pitching for Mgr. Browns aggregation, struck out ten of the Packers. He allowed nine hits but only four of the Packers runs were earned.

A strong wind was blowing diagonally across the diamond making the high flies difficult to judge and accounted for some of the Packers singles. The Packers are one of the fastest teams that has played on the local grounds for a long time and the smooth pitching of Schmidt was a joy to behold.

Packers first score came in the first inning when Openshaw issued an Annie Oakley to Al Wong, who advanced to third on Jack Hughbergs' bagger, and scored when the umpire called a balk on Bill Openshaw. They scored again in the third inning when with one out Hertzberg reached first on Brumbac's error and advanced to second on Gallagher's single. Mecletti then walked and Rogers hit for two bases, scoring Hertzberg and Gallagher. Lanters then singled, scoring Rogers and Mecletti. Openshaw struck out Heath and Raffants in rapid succession ending the inning.

In the fourth frame with two out Hertzberg reached first on Kilkenny's error and Gallagher did likewise on Openshaws wild throw to first, Mecletti then singled, scoring Hertzberg.

The Packers remaining run came in the sixth when Jim Gallagher, the centerfielder hit one of Openshaw's fast ones over the left field fence for a home run.

Bobby Valentini playing a fine game in center field for the locals pulled down five flies.

Farm Employment Brightens In State

Low point in seasonal farm employment is past and many unemployed farm workers will find work soon. This report was issued today by Edward F. Hayes, Chief of Farm Placement for the California Department of Employment.

Workers should check with local offices of the Department of Employment to learn where work may be available and where labor surpluses exist," Hayes declared.

He gave his summary of crop and labor conditions:

Most tree fruit areas report a heavy set of fruit and a big thinning job to be done between now and early June. Sugar beet thinning in the Delta area will reach a peak about May 1. Planting of a record cotton crop is in progress in the San Joaquin Valley, and there will be a heavy demand for skilled cotton choppers soon after May 1. The Kern County early potato harvest is starting on a small scale but will not reach peak activity until June 1. San Joaquin County has a bumper crop of cherries which, with favorable weather conditions, will be ready to pick the last week of May. The Valencia orange season is starting now in Tulare County and will open in Orange County about May 10.

LETTERS TO THE EDITOR

Ukiah Republican Press:

Thank you for the publicity you have been giving local road conditions.

I thought you might like to have some pictures of the local situation, so enclose a few for you. These were recently taken right on the main road which the school busses, mail vehicle, and all the rest of the traffic must use the whole time.

The answer of course is, in addition to proper maintenance, **to prohibit all heavy traffic during the wet season, no matter who doesn't like it.**

Hoping you will continue your good work, I am very truly yours,

HEATH ANGELO.

Thank You

COMPTCHE MAN IS NEW MARINE

DONALD S. HANSON

Marine Private First Class Donald S. Hanson, son of Mr. and Mrs. Donald R. Hanson of Comptche, has recently completed his initial 10 weeks of training at the Marine Corps Recruit Depot, San Diego.

Upon completion of this training Hanson was promoted to the rank of Private First Class, an honor that is bestowed upon every man who finishes his training with a clean record.

The Comptche devildog spent his first three weeks of training here at the Post where he received his small arms, first aid, field sanitation, map and compass reading, military courtesy and infantry drill instruction.

The following three weeks the young Marine spent at the Marine rifle range where for two weeks he was taught the fundamental principles of marksmanship and during the third week made practical use of his training by firing the Marine Corps basic weapon, the M-1 rifle for a record score.

The new Private First Class spent his last four weeks in the Recruit Depot "boning" on additional subjects necessary to a Marine. These included bayonet fighting, combat formations of a rifle squad, digging of fox holes and a series of field problems where the practical experience was gleaned through the application of classroom work.

Hanson will be attached to Casual Company at the Depot upon his return from leave. From this company he will be transferred to one of the many duty stations where Marines stand always ready to protect their country in time of need.

It's hard to believe a car so low-priced could combine the flashing sleekness of Pontiac's new styling . . . the gracious comfort of Pontiac's new Vision-Aire interiors . . . and the almost incredible smoothness of Pontiac's exclusive "Travelux" Ride. Add to those unique attractions, the "zing", the economy and *proved dependability* of Pontiac's famous improved straight eight and six cylinder engines . . . and the matchless driving enjoyment of GM Hydra-Matic (optional at extra cost) and you've got something almost irresistible! COUNTY SEAT

C. Paul Sutterley

Committee Report on Improvements

Be it civic, local, state or national, all things in this changing world can stand improving. How to go about making anything better could be the subject of volumes. Let us bring it down to our own County Seat. Our voices outside this immediate sphere are not as strong as they are on the local level. Now then, is it not better when desiring to change or improve anything to first use constructive thinking and then offer constructive criticisms and suggestions. Whether it is in your club or church or whether you are approaching a governing body, a well thought out plan complete in its presentation is much more likely to become a reality than a series of unrelated sometimes irrational facts.

Too many national weeks—May 1 through 9—Camp Week, Baby Week, Noise Abatement Week, Family Week, Be Kind To Animals Week, Restaurant Week, Music Week and Cutlery Week.

Take the family on a camping trip, buy a new buggy for the baby and ear muffs for all hands, stick close to home and give the kitty an extra bowl of milk, eat at your favorite restaurant once and listen to native music. When the week is almost over buy a new knife and whittle yourself a cane.

The young old timer pulled us up short the other morning. Commenting on the County Seat he said, "A good many people move too fast and try too hard. The fellow who is a steady plugger and moves at an easy pace in the main reaches his goal."

As part of present day living most of us do move too fast, trying to crowd as much living in a day as our grandparents did in a week. Instead of briskly walking back to the Press, ambling along with our friend, a peace of mind was obtained. His words were a lesson in living well worth trying to adopt.

Slim Smith (spinning another yarn) has uncovered a new source of revenue. Several hands were lifting some old planking on his property which covered water and swampy ground. A species of frogs was discovered of tremendous size. He says he is shipping two to a flat car and using several cars a day. (This hasn't been verified with NWP.) The frogs have to be hung like beef for cutting and frog steaks a couple of foot square are the latest dish in lower Froggonia, the principal receiving point for shipments.

Fred Nassie Plans Merchant Ship Trip

Fred Nassie, well known insurance agent and realtor has planned a vacation trip that will take him through the Panama Canal to New York.

Mr. Nassie plans to leave Ukiah May 10 and will travel on a merchant ship of the Pope-Talbot Line Inc. There will be only 12 passengers on board and the trip down the west coast through the canal and up the eastern coast to New York will be a leisurely one with a number of stops enroute. Three ports in Porto Rico are listed.

Mr. Nassie has not decided whether he will fly back across the continent or travel by automobile. The trip was planned through the services of Ukiah Travel Agency of which Karl Stitcher is the head.

CITIZENSHIP COURSE PART OF NAVY RECRUIT TRAINING

Few people realize that included along with the marching and gun drills that form Navy Recruit Training, is a serious course in American citizenship, designed to develop in each Navy Recruit an appreciation of his privileges and responsibilities as an American citizen.

In this ciitzenship course the Navy Recruit studies:

(1) The rights, privileges, and responsibilities accorded to him by our American Constitution.

(2) The idea of the importance and dignity of the individual American under our Democratic form of Government in contrast to the individual's position under other forms of government.

(3) The struggle our forefathers went through in order that we might enjoy this form of government.

(4) The importance, the necessity for each individual to vigilantly safeguard his rights and privileges.

(5) The contributions which various American leaders have made in order that we might enjoy today our democratic government.

This course emphasizes that although each Recruit is a Navy man, he is first and always a citizen of the United States.

CHAMBER OF COMMERCE APPOINT LICENSE RE-WRITE COMMITTEE

The City Council of Ukiah has requested the Chamber of Commerce to rewrite the City Ordinance now in effect which controls City License Fees, according to Ruth G. Willis, Secretary.

The Board of Directors have appointed the following committee as a representative group of merchants to devise a plan or plans for a new City Ordinance:

Roy Wagner, Masonite; Ray Walsh, Service Station Representative; Earl Fullerton, Farm Machinery and Equipment; Joe Rattigan, Lawyer's Profession; Dr. Van Allen, Doctors' Profession; Esther Redwine, Women's Dress Shops; Larry Wildberger, Grocery Business; Ernie Balyeat, Department and Chain Stores; Bill Bittenbender, Lumber Industry; George Butt, Liquor Industry; Robert Sandelin, Hotel, Restaurant, Bars; Robert Becker, Electric Companies.

This committee will report to the Chamber as soon as they have worked out a plan. It will then be either accepted or rejected by the Chamber itself. If it is accepted, it will then be referred to the City Council.

The public may pass along any ideas they may have to any member of the committee.

RANCHER VISITS

W. H. Sorola, grape rancher of Redwood Valley was in town Friday on business.

HELICOPTER ACQUITTED OF LOW FLYING CHARGE

GLENDALE (AP)—A jury has acquitted a helicopter pilot of flying too low over the city. In the first case of its kind at Glendale 23-year-old Robert M. Boughton of Santa Paula was charged with hovering only 100 feet above the downtown business section so a photographer could take pictures.

Evidence presented during the two-day trial last week, convinced the jury that while laws prohibit orthodox planes from flying under one thousand feet over a congested area, there is no law covering helciopters.

MOUNTAIN VIEW AUTO COURT HOSTS HARRY OWENS AND BAND

Harry Owens, His Royal Hawaiins and Hilo Hattie commandered eight cabins at the Mountain View Auto Court during their visit on Ukiah last Friday, April 22. Billie Tindall as hostess gayly decorated each cabin with spring flowers adding to the pleasantness of the islanders stay.

W. E. CRAWFORDS VACATION AT BODEGA

Mr. and Mrs. W. E. Crawford vacationed at Bodega Bay during April. The vacation week was spent with Mrs. Crawford's sister who resides there.

PINE TREE BURNS

A fire occurred late Thursday afternoon at the corner of Joseph and Clara. A large pine tree was the scene of the blaze and presented a spectacular sight when fire in the pine needles at the base crept up the trunk and burned out the old dead needles through the branches to the top. The Ukiah Fire Department responded to a call and quickly took care of the tall conflagration.

PUBLIC INVITED

"GAY NINETIES" REVUE TO BE AT STATE HOSPITAL

On May 5 and 6 the public is invited to witness another grand musical show by the patients of The Mendocino State Hospital. On these two evenings at 7:30 in the hospital auditorium, a snappy fresh and lilting revue will be presented.

The theme of the production is "The Gay Nineties." The program is being supervised by Mrs. Dorothy Buchanan, Recreational Director of the institution, but a great deal of diligent work on the part of the patients has gone in to the writing, direction and production.

The show will present adelightful melange of skits, songs and dances of yesteryear. Some of the fine voices discovered during the last show, "Dixie Minstrels" will be heard again as well as others equally as good.

Any Gay Nineties Clothes Around?

An appeal is made for clothes of the gay nineties period as not enough of these are available to the cast at this time. If any firends of the hospital have any such clothes in their attic which they would like to contribute please phone the hospital or drop them by for Mrs. Buchanan.

Some of the songs to be presented and which should bring nostalgic memories to "older timers" are "The Picture That Was Turned To The Wall," "The Curse Of An Aching Heart" and "Don't Go Into The Lion's Cage Tonight, Mother Dear." To add to the authenticity of the presentation, popcorn will be available and the villain's histrionic ability will be judged by the volume of hisses from the audience.

The show will proudly display new scenery and costumes. During the evening contributions will be gratefully received and will go to enlarge the hospital Recreation Fund.

"Mann to Man"

Notes from Here and There . . . by George M. Mann

Recently, after hearing Ralph Sigwald several times on Horace Heidt's program, it occurred to me that his voice would be well suited to a song I heard in Honolulu several times, so I cabled friends of mine there and received the following reply:

"Dear George:

"It was nice to receive your wireless and know that you are still interested in good music created in Hawaii. I have done some research, with the assistance of Es Parker and Johnny Traut, in trying to fulfill your request. In talking to the older Hawaiian musicians here, there are a few that have heard the so-called Buffo song, or the song about the Hawaiian bullfrog. It appears that this is a comedy song that was written by some musician or soloist with a Hawaiian band and put on by a few entertainers at Luaus in the same manner as Hilo Hattie has burlesqued a lot of good Hawaiian music in her mainland supper club presentations with the Harry Owens band. There has been no orchestration or record of the song, and so far we have not been able to find any musician that knows the words, which, if we had, somewhere along the line some one of them could put them to music.

Geo. M. Mann

"Further, we have gone through the indexes of all the Hawaiian recordings here, and we find that only one Hawaiian with the deep voice, or so-called basso, has made any recordings, and that is Sol Bright. Sol is the soloist with Al Kealoha Perry's band, and his recordings are the most popular in the islands for that type of music. I know that you cannot get the Buffo song. As a matter of fact, no one believes that that is the title of it, but it was the song as mentioned in the aforepart hereof in which the Buffo was mentioned, and if we could learn the name of that song it would help us in trying to find it.

"However, knowing your affinity for Hawaiian music and feeling that I could appease you in some manner, I have selected the better recordings by Al Kealoha Perry, where Sol Bright has been the soloist, and I am dispatching those to you through my office by parcel post today.

"With very best wishes and kind regards, sincerely,

"Fred."

When the records mentioned in the above letter are received, possibly one of them will be somewhat near the song I heard so many years ago. If so, I will send it to Horace Heidt to see if he can do anything with it for his wonderful new singer, Ralph Sigwald.

From where I sit ... by Joe Marsh

How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parkers.

Now farmers get their shopping done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

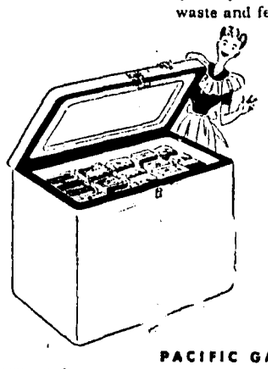
How your HOME FREEZER
PROVIDES BETTER MEALS AT LOWER COST
Thousands of California homemakers are serving meals of more variety and better quality—all at a substantial saving through the thrifty use of their Home Freezers. And here is how you can do it, too.
More Variety You can freeze almost any kind of meat, fish, poultry, fruit and vegetables. Thus Spring Lamb and summer fruits and berries can vary the winter menus.
Better Quality You can buy fresh foods at their peak-of-season flavor and quality, and you preserve them at their best by quick freezing. More of vitamins, so necessary for good health, are retained.
More Convenience It is like having a market in your own home when you have a well-stocked Home Freezer. And how convenient that is! Here are foods for box lunch meals, from sandwiches to dessert, all ready to pack in a hurry. Or complete meals, cooked, ready for heating and eating including many kinds of baked foods. And there are party foods for special occasions or for unexpected company.
Greater Savings Buying in a larger quantity at low prices saves money. Leftovers frozen for later use eliminates waste and adds to meal variety. Many users say their home freezers have paid for themselves these three ways—through quantity bargain buying, elimination of food waste and fewer shopping trips.



Preparing food for home freezing is not difficult to do. Detailed instructions come with the Home Freezer you buy. Ask your electric dealer about a Home Freezer of adequate size to fit the needs of your family.

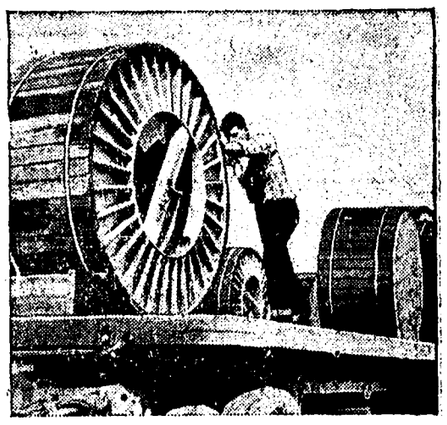
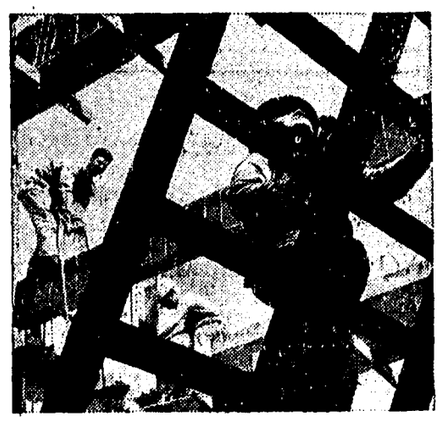
HOW MANY COAST JOBS WERE BORN
Pacific Telephone's construction program has made work for countless thousands and added to the West's postwar prosperity



1. When you see telephone cable on its way to work, you're watching the West benefit in two important ways. It means new voice highways for the West . . . more telephones . . . better service. It also means jobs and paychecks for the men who make the cable, those who install it and, later on, those who maintain it. And putting in new cable is just a small part of our building program.



2. Hundreds of new buildings mean work for carpenters, bricklayers—and work for those who provide the materials. They mean future jobs for telephone people. Since the war, we've put half a billion dollars to work in new construction. Much of it has found its way in ever-widening circles into the economy of practically every city and town in the West.

3. More business for the baker, the druggist, the clothier — telephone construction has given the West a big postwar lift. There's no way, of course, to trace all the jobs created by just one mile of cable . . . or one building. But it would probably be hard to find a family whose income has not benefited, in some way, from the money we've spent to provide more service.

4. It all adds up — this tremendous building program — to a better West for all of us and better telephone service. You can help yourself to the best possible service, too. Such things as making sure of the right number before you call and giving the called party plenty of time to answer help make your telephone a better servant.

SILVER STAR HOLDER

FINAL RITES FOR LEO KNIGHT WHO DIED IN NORMANDY BATTLE

On Sunday, April 24, the entire community paid their last respects to Leo Knight who gave his life in defense of his country during the Normandy Drive on June 13, 1944. A very beautiful military service by the Legion Post at Hopland was arranged by Hans Sorensen with Father Renane officiating.

Private First Class Knight volunteered to assist in the operation of a machine gun to cover the withdrawal of his battalion. Advancing over open terrain less than 150 yards from the enemy position under extremely heavy enemy machine gun and small arms fire he carried the machine gun tripod and a case of ammunition to the selected gun position. Upon being set up this machine gun became the target of heavy enemy fire.

Private First Class Knight was mortally wounded. However, the fire from the machine gun enabled his forces to withdraw to a new position with reduced loss of personnel. His conduct was in accordance with the highest standard of the military service and he was awarded, posthumously, the Silver Star.

An honorary guard accompanied the body of Private Knight until he had been laid to rest.

Leo Knight was the son of John and Isabel Knight and leaves the following brothers and sisters: Arthur, Angelo, Richard, Fleming, Mike, Donald, William, Earl, Juanita and Josephine. Pallbearers were Necho Feliz, Don MacMillan ,Delbert Collins, Leo Matteole, Allen C. Ryan and Cecil Taylor.

Mr. John Benton was made an assistant leader for the group. At the close of the meeting the club presented their leader Dorpthy Abert with a beautiful leather brief case in appreciation of her efforts for the group.

GIRLS SEWING CLUB ORGANIZED

A girls sewing group was organized under the leadership of Wanda Beasley, who will be assisted by several interested mothers. This group is very enthisiastic for they have wanted a leader for some time.

Phyllis is sponsored by the Auxiliary and Tommy by the Legion. These youngsters are chosen for citizenship as well as scholarship.

NEWS FROM MENDOCINO STATE HOSPITAL

By Mrs. Rubye Howard

Isn't it surprising how fast some days can go by? I'm still wondering how those fourteen vacation days of mine turned into just a few crowded hours and then turned back again into the usual amount as soon as I went back to work.

Best bet for entertainment May 5 and 6 - Gay Nineties Review. MSH Tickets on sale at Greeott's Music Store.

Mrs. Nadine Smith and Mrs. Jean Bednar spent their vacation days visiting in Southern California. They were guests of Mrs. Smith's mother who lives in Santa Ana, for a few days and then drove down into Old Mexico for a tour "south of the border."

Mrs. Bednar also visited old Redwood Valley friends who now live in South Gate California.

Joe Ceccarelli, attendant on ward 12, started his vacation last Friday. Joe says he expects to get in a little fishing during the thirteen days he is away from MSH. He plans too, to visit his two small sons, Chucky and Johnney who live in Santa Rosa.

Don and Eunice Carmichael and Marie Caldwell enjoyed a fishing trip on the Coast last week. It was not learned just how sucessful they were.

It's back in the Navy again for Robert Knudsen, Lt. (J. G.) USNR, but only for a two-week training period. Robert goes to Treasure Island Monday 25, rank the same as when he served in the regular Navy. He is the son of Mrs. Mildred Knudsen, charge attendant of ward F and is employed at MSH in the boiler room.

Mary Sanford, Roy Lewis, Ettie Hart, Marie Rice and Ann Goddard are new names on the vacation list this week.

Visiting MSH for the first time since her retirement, Mrs. Mina Poole, stopped at the library last week for a chat with the librarian. Mrs. Poole was so enthusiac about the progress of the library since she left and promised to send a gift of books and magazines soon. She was in charge of the Sewing Room at MSH before her retirement several months ago.

Another training course for employees, in the form of lectures by the various doctors and nurses of MSH started several days ago. All those who may have missed the first set of classes and therefore also missed getting a diploma are urged to attend along with the new ones.

While her husband Bob is away at Treasure Island, Mrs. Barbara Knudsen and small son Michael are visiting Barbara's family who live in Ely, Nevada. They left for Ely last Wednesday and will stay several days.

REGULAR NAVY UKIAHAN TAKES NEW DUTY

Standley W. Watson, Lt. (jg) USN, Supply Corps has been assigned to supply school, Brooklyn Navy Yard for a period of post graduate instruction. Upon completion of training in Brooklyn he will proceed to his new duty station at the U. S. Naval Base, Mare Island, California.
